IN THE CIRCUIT COURT OF THE
NINTH JUDICIAL CIRCUIT, IN AND
FOR ORANGE COUNTY, FLORIDA

WILLIAM WINDSOR,

CASE NO. 2018-CA-010270

Plaintiff,

vs.

ROBERT KEITH LONGEST, an individual, and BOISE CASCADE BUILDING MATERIALS
DISTRIBUTION, L.L.C., a Foreign Limited Liability Company,

Defendants.

VERIFIED AFFIDAVIT OF WILLIAM M. WINDSOR

I, William M. Windsor, the undersigned, hereby declare under penalty of perjury:

1. I am over the age of 21, a living person, am competent to testify, and have personal knowledge of the matters stated herein.
2. I object to the Court's plans to hold a hearing tomorrow that I will be unable to attend.
3. I am 72-years-old and in poor health since the Defendants' 18-wheeler hit me at 70-miles-per-hour. I am in constant pain from nine herniated disks in my neck and back, and walking is a problem. I was in excellent shape before the accident. I am currently experiencing several medical emergencies.
4. I broke a tooth, and it is extremely painful. I'm having serious problems with my left eye. And I may be having a significant side effect from a COVID-19 vaccination. I find this Court's void of compassion to be absolutely unacceptable for any human being.

5. As I have previously communicated, I received notice from the Court's Judicial Assistant too late to prepare for a 2/2/21 hearing. It was impossible to meet the deadlines set by the Judicial Assistant in a command sent to me. As I communicated to this Court by motion, I also need to subpoena the attorneys for the Defendants prior to a hearing on attorney's fees. Pro se parties do not have subpoena rights, so I have to drive to Orlando to obtain subpoenas from the Clerk of the Court. The attorneys for the Defendants have ignored my requests to take their depositions. The attorney for the Defendants recently filed an affidavit that requires investigation. I received it too late to do anything about it. The examination of the attorneys is likely to take several hours. I have found the attorneys to be extremely dishonest. The attorney for the Defendants could not have spent more than 15 minutes on the motion to compel that resulted in sanctions.

6. I have essentially no money. I have been declared indigent by the Texas Supreme Court and the United States Supreme Court. EXHIBIT A is my motion for in forma pauperis approved by the U.S. Supreme Court. My debts exceed \$1,100,000, and I haven't been able to pay credit card bills for over a year. My total debt reduced from \$1,500,000 to \$1,169,000 since this was prepared due to settlement with Sean D. Fleming for \$1 and release of my claims against him. My total monthly expenses at present are \$83,527 if I were to pay all my past due credit card bills. My only assets are \$1,000 equity in my vehicle and \$60,000 in a condo, my homestead. My secured debts exceed my assets. I believe all of my assets will be protected in bankruptcy. I believe the condo association will try to foreclose as I haven't paid the \$600 monthly "dues" for four months. If that happens, I will have to file bankruptcy. I have been working to stay afloat until I receive a large financial award from the jury in this case.

7. Sanctions are supposed to be based on an ability to pay. I have no ability to pay. I will begrudgingly agree to have \$100 deducted from the payment I receive from this lawsuit.

8. I filed a motion to have Judge Ashton reconsider the outlandish orders of Judge Kest. It was just denied. I find this outrageous. It seems Judge Ashton is just as biased as Judge Kest. Denying this motion without considering the evidence or holding a hearing is absolutely improper.

9. The Fifth District has made it clear that the trial court has the inherent discretionary power to reconsider any order entered prior to the rendition of final judgment in the cause. (*Arnold v. Massebeau*, 493 So. 2d 91 (Fla. 5th DCA 1986).) (See also *North Shore Hospital, Inc. v. Barber*, 143 So.2d 849 (Fla.1962); *Commercial Garden Mall v. Success Academy, Inc.*, 453 So.2d 934 (Fla. 4th DCA 1984). Cf. *Associated Medical Institutions, Inc. v. Imperatori*, 338 So.2d 74 (Fla. 3d DCA 1976); *Rubin v. Baker*, 276 So.2d 532 (Fla. 3d DCA 1973).) The only reason I can think of to deny the motion and do so without a hearing is prejudice. The only reason I can think of to deny a continuance of the hearing set for 2/2/2021 when I cannot participate is extreme prejudice. Judge Ashton provided NO reasons for his orders. The U.S. Supreme Court stated in *Corcoran v. Levenhagen*, No. 08-10495, decided October 20, 2009, that courts should explain their orders.

10. I object to the hearing and being denied my rights to have the corrupt acts of Judge Kest and the monumental wrongdoing of the Defendants and their attorneys properly considered by this Court. I object to the denial of my motion for reconsideration of the corrupt acts of Judge Kest.

11. I will file a motion to disqualify Judge Ashton, and I will file an appeal. These are my legal rights.

12. In 2011, I had two cataract surgeries. The surgery on both eyes caused problems, including a hole poked into the retina of my left eye by the surgeon. I began "seeing things." It began with what could best be described as a fireworks show "in my eyes" when my eyes were closed in bed at night. Then I saw big flies and even bigger roaches all around my desk. At first, they seemed real. Next came a curtain closing back and forth across my field of vision. It started as a shear and ended up a solid red.

13. I raced to the eye doctor in Atlanta, Georgia. The doctors discovered a hole in the retina of my left eye. My left eye was quickly scheduled for surgery. I was sent home with eye patches to cover both eyes, and I was instructed to do nothing but recline with my head in a slightly-elevated position. Both eyes were done a week apart. The left eye had the retina repaired, and both eyes had a "vitrectomy," surgery in which the vitreous gel-like substance is removed. It is what fills the middle portion of the eye. I believe my gel was replaced with saline solution. I used to have floaters, but they were removed. The strange visions went away, but it took a long time to recover my reading eyesight. My vision has been 20/20 after the cataract-replacement lenses were implanted in my eyes. For a week or so, my reading vision has become poor.

14. In 2016, I was diagnosed with Glaucoma. It had been at least two years since my eyes had been examined, and I lost some of my peripheral vision due to the Glaucoma. In 2018 and 2019, I had two more eye surgeries in Leesburg with Dr. Stacia Goldee of Mid-Florida Eye Center.

15. Last Friday, I had the first COVID-19 vaccination. That night, I saw a ghost. I'd never seen a ghost before, but I saw a ghost. It was a slender brunette, very animated, talking with someone in the kitchen. I was not asleep or dreaming. I "saw" this while awake at night. I

snapped a photo, and it is dark and spooky-looking, but doesn't show a "ghost." I would attach it, but it's just a dark blur.

16. The ghost did not return the next night, so I chalked it up to perhaps some type of reaction from the vaccination. A few days later, the ghost returned. Same woman; same outfit; same place in the kitchen. I snapped a photo, but it doesn't show a ghost – just a squiggly green neon flash where the ghost was. I would have been totally freaked out from all of this if it wasn't for my experience following eye surgery in 2011.

17. This all sounds pretty crazy, but Google reports that "hallucinations" are a side effect of COVID-19 and the COVID-19 vaccine. There are some bizarre videos on YouTube with people telling their COVID hallucination stories.

18. I have become concerned that the problem may be related to the retina in my left eye. My left eye has been cloudy and moderately painful of late. My vision has become very poor out of my left eye, and the imbalance between my eyes makes me dizzy. Unfortunately, I missed my regular Glaucoma check-ups due to the Pandemic; I'm supposed to be checked every six months, and it has been a year. I tried on Friday to get an appointment with the eye doctor I had used, but she does not accept the Cigna HMO Medicare Insurance that I have as of January 1, 2021 without a referral from the primary care doctor. That primary care doctor is new; I have never seen him, and I was unable to get a referral without first scheduling a full physical. I spoke with a nice lady there this morning, and she isn't sure they accept my insurance. She asked me to bring the insurance card to their office to check, so I did. They do accept my insurance, but the first available appointment is March 23.

19. I called Cigna to see what I can do. They were of little or no help. They referred me to Dr. Courtney Bovee, an ophthalmologist I have seen before, a doctor I really respect and

like. I called Mid-Florida Eye Center to learn she is no longer with them, and they do not take my insurance. The surgeon who operated on my eyes twice, Dr. Stacia Goldee, is no longer with the firm either, apparently retired. I have called and left messages with the office of Dr. Anisha Patel, the last eye doctor I have seen.

20. I have been on hold with Moderna for a half hour to report my potential side effect from the COVID-19 vaccine. I was just cut off and had to leave a message. I'm supposed to hear back in 24 hours.

21. I see Dr. Golub at 10:30 a.m. on Tuesday and go to the hospital at 11:00 am.

22. I have been approved by Cigna to go to the Emergency Room, and I will be there Tuesday morning at about 11:00 a.m. My eyes will be dilated, and an ophthalmologist will examine my retinas. The concern is that I have a vitreous detachment. Over time, the vitreous can shrink and slowly detach from your retina. Posterior Vitreous Detachment can cause health issues and can lead to permanent vision loss. This can cause a tear in the retina or a hole in the eye nerve. Those of us who are nearsighted, have had cataract surgery (and I've had four), or who have had some kind of trauma to the eyes are at a higher risk for PVD. I am told that this is very common at age 72, and I am in a high-risk category. This is not something I can or will ignore.

FURTHER SAITH AFFIANT NOT.

Sworn under penalty of perjury this 1st day of February, 2021,

William M. Windsor

IN THE CIRCUIT COURT OF THE
NINTH JUDICIAL CIRCUIT, IN AND
FOR ORANGE COUNTY, FLORIDA

WILLIAM WINDSOR,

CASE NO. 2018-CA-010270

Plaintiff,

vs.

ROBERT KEITH LONGEST, an individual, and BOISE CASCADE BUILDING MATERIALS
DISTRIBUTION, L.L.C., a Foreign Limited Liability Company,

Defendants.

VERIFIED AFFIDAVIT OF WILLIAM M. WINDSOR

I, William M. Windsor, the undersigned, hereby declare under penalty of perjury:

1. I am over the age of 21, a living person, am competent to testify, and have personal knowledge of the matters stated herein.

2. I object to the Court's plans to hold a hearing tomorrow that I will be unable to attend.

3. I am 72-years-old and in poor health since the Defendants' 18-wheeler hit me at 70-miles-per-hour. I am in constant pain from nine herniated disks in my neck and back, and walking is a problem. I was in excellent shape before the accident. I am currently experiencing several medical emergencies.

4. I broke a tooth, and it is extremely painful. I'm having serious problems with my left eye. And I may be having a significant side effect from a COVID-19 vaccination. I find this Court's void of compassion to be absolutely unacceptable.

5. As I have previously communicated, I received notice from the Court's Judicial Assistant too late to prepare for a 2/2/21 hearing. It was impossible to meet the deadlines set by the Judicial Assistant. As I communicated to the Court by motion, I also need to subpoena the attorneys for the Defendants prior to a hearing on attorney's fees. Pro se parties do not have subpoena rights, so I have to drive to Orlando to obtain subpoenas from the Clerk of the Court. The attorney for the Defendants recently filed an affidavit that requires investigation. I received it too late to do anything about it. The examination of the attorneys is likely to take several hours. I have found the attorneys to be extremely dishonest. The attorney for the Defendants could not have spent more than 15 minutes on the motion to compel that resulted in sanctions.

6. I have essentially no money. I have been declared indigent by the Texas Supreme Court and the United States Supreme Court. My debts exceed \$1,100,000, and I haven't been able to pay credit card bills for over a year. My only assets are \$1,000 equity in my vehicle and \$60,000 in a condo, my homestead. My secured debts exceed my assets. I believe all of my assets will be protected in bankruptcy. I believe the condo association will try to foreclose as I haven't paid the \$600 monthly "dues" for four months. If that happens, I will have to file bankruptcy. I have been working to stay afloat until I receive a large financial award from the jury in this case.

7. I filed a motion to have Judge Ashton reconsider the outlandish orders of Judge Kest. It was just denied. I find this outrageous. It seems Judge Ashton may be just as biased as Judge Kest. Denying this motion without considering the evidence or holding a hearing is absolutely improper.

8. The Fifth District has made it clear that the trial court has the inherent discretionary power to reconsider any order entered prior to the rendition of final judgment in the

cause. (*Arnold v. Massebeau*, 493 So. 2d 91 (Fla. 5th DCA 1986).) (See also *North Shore Hospital, Inc. v. Barber*, 143 So.2d 849 (Fla.1962); *Commercial Garden Mall v. Success Academy, Inc.*, 453 So.2d 934 (Fla. 4th DCA 1984). Cf. *Associated Medical Institutions, Inc. v. Imperatori*, 338 So.2d 74 (Fla. 3d DCA 1976); *Rubin v. Baker*, 276 So.2d 532 (Fla. 3d DCA 1973).) The only reason I can think of to deny the motion and do so without a hearing is prejudice. The only reason I can think of to deny a continuance of the hearing set for 2/2/2021 when I cannot participate is extreme prejudice. Judge Ashton provided NO reasons for his orders. The U.S. Supreme Court stated in *Corcoran v. Levenhagen*, No. 08-10495, decided October 20, 2009, that courts should explain their orders.

9. I object to the hearing and being denied my rights.

10. I object to the denial of my motion for reconsideration of the corrupt acts of Judge Kest.

11. I will file a motion to disqualify Judge Ashton, and I will file an appeal. These are my legal rights.

12. In 2010, I had two cataract surgeries. The surgery on both eyes caused problems, including a hole poked into the retina of my left eye. I began "seeing things." It began with what could best be described as a fireworks show "in my eyes" when my eyes were closed in bed at night. Then I saw big flies and even bigger roaches all around my desk. Next came a curtain closing back and forth across my field of vision.

13. I raced to the eye doctor, and my left eye was quickly scheduled for surgery. The doctors discovered a hole in the retina of my left eye. A week later, my right eye was done. The strange visions went away, but it took a long time to recover my reading eyesight. My vision has

been 20/20 after the cataract-replacement lenses were implanted in my eyes. For a week or so, my reading vision has become poor.

14. In 2016, I was diagnosed with Glaucoma. It had been at least two years since my eyes had been examined, and I lost some of my peripheral vision due to the Glaucoma. In 2018 and 2019, I had two more eye surgeries in Leesburg with Dr. Stacia Goldee of Mid-Florida Eye Center.

15. Last Friday, I had the first COVID-19 vaccination. That night, I saw a ghost. I'd never seen a ghost before, but I saw a ghost. It was a slender brunette, very animated, talking with someone in the kitchen. I was not asleep or dreaming. I "saw" this while awake at night. I snapped a photo, and it is dark and spooky-looking, but doesn't show a "ghost." I would attach it, but it's just a dark blur.

16. The ghost did not return the next night, so I chalked it up to perhaps some type of reaction from the vaccination. A few days later, the ghost returned. Same woman; same outfit; same place in the kitchen. I snapped a photo, but it doesn't show a ghost – just a squiggly green neon flash where the ghost was.

17. This all sounds pretty crazy, but Google reports that "hallucinations" are a side effect of COVID-19 and the COVID-19 vaccine. There are some bizarre videos on YouTube with people telling their COVID hallucination stories.

18. I have become concerned that the problem may be related to the retina in my left eye. My left eye has been cloudy and moderately painful of late. My vision has become very poor out of my left eye, and the imbalance between my eyes makes me dizzy. Unfortunately, I missed my regular Glaucoma check-ups due to the Pandemic; I'm supposed to be checked every six months, and it has been a year. I tried on Friday to get an appointment with the eye doctor I

had used, but she does not accept the Cigna HMO Medicare Insurance that I have as of January 1, 2021 without a referral from the primary care doctor. That primary care doctor is new; I have never seen him, and I was unable to get a referral without first scheduling a full physical. I spoke with a nice lady there this morning, and she isn't sure they accept my insurance. She asked me to bring the insurance card to their office to check. I am doing that in just a minute.

19. First thing Monday morning, I called Cigna to see what I can do. They were of little or no help. They referred me to Dr. Courtney Bovee, an ophthalmologist I have seen before, a doctor I really respect and like. I called Mid-Florida Eye Center to learn she is no longer with them, and they do not take my insurance. The surgeon who operated on my eyes twice, Dr. Stacia Goldee, is no longer with the firm, apparently retired. I am currently awaiting a callback from the office of Dr. Anisha Patel, the last eye doctor I have seen.

20. I have been on hold with Moderna for a half hour to report my potential side effect from the COVID-19 vaccine. I was just cut off and had to leave a message. I'm supposed to hear back in 24 hours.

21. If I can't get any help, I may go to the Emergency Room, but Cigna told me they will simply have to refer me to an ophthalmologist, and I have already contacted all of them nearby that accept my insurance.

FURTHER SAITH AFFIANT NOT.

Sworn under penalty of perjury this 1st day of February, 2021,
